Solar Norge AS and Bravida Norge AS conclude strategic cooperation agreement

8 July 2010

Solar Norge AS and Bravida Norge AS have entered into a cooperation agreement meaning that Solar has been chosen Bravida's preferred supplier of all electrical installation products in the next two years. The two companies thus expand their fruitful cooperation by moving closer together. In this way, the agreement is based on a close and incorporated cooperation with intense focus on development and optimisation of mutual processes.

Bravida is the leading total supplier of technical installation services as well as services within the building sector in Scandinavia. In Norway, Bravida is nationwide with its 46 subdivisions and approximately 2,300 employees and Norway is among the Solar Group's four main markets just like Denmark, Sweden and the Netherlands.

Bravida creates effective and technical solutions within installation and service and Bravida's qualifications generate value-adding solutions for their customers.

Yours faithfully,

Solar A/S

Michael H. Jeppesen
